Muscat – June 7,2020

To Whom It May Concern:

I am pleased to write this letter of confirmation for Mr. Nikhil Narayanan. I have had the pleasure of supervising Nikhil during his internship during the summer, 2019 in the Faculty of Engineering and Computer Science, German University of Technology in Oman.

During this time, I was impressed with his attitude towards work and his ambition was very good. He has also demonstrated the ability to work independently with a good creativity and enthusiasm with very little supervision.

Nikhil demonstrates really good skills at working on Solar, and Embedded Systems projects. Nikhil structured his work in a well-thought-out manner. He understood the core of problems and was able to work on the Solar project within short periods.

I would like seize this opportunity to express my gratitude and appreciation for Mr. Nikhil's efforts.

If you have any further questions please don't hesitate to contact me.

Yours sincerely,

Ali Al-Humairi
